Independent Auditors' Report

**To the Board of Commissioners
Northern Virginia Regional Commission
Fairfax, Virginia**

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the aggregate remaining fund information of Northern Virginia Regional Commission, as of and for the year ended June 30, 2021 and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, and the aggregate remaining fund information of Northern Virginia Regional Commission, as of June 30, 2021 and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As described in Note 1 to the financial statements, in 2021, the Northern Virginia Regional Commission adopted new accounting guidance, GASB Statement No. 84, *Fiduciary Activities*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4-8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Northern Virginia Regional Commission's basic financial statements. The supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements.

The supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 12, 2021, on our consideration of Northern Virginia Regional Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Northern Virginia Regional Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Northern Virginia Regional Commission's internal control over financial reporting and compliance.

Report on Summarized Comparative Information

We have previously audited Northern Virginia Regional Commission's 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 22, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

**NORTHERN VIRGINIA REGIONAL COMMISSION
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2021**

Introduction

This discussion and analysis is intended to be an easily readable analysis of the Northern Virginia Regional Commission's (the Commission) financial activities based on currently known facts, decisions or conditions. It provides an overview of the Commission's financial activities for the year ended June 30, 2021. Please read it in conjunction with the Commission's financial statements, which follow this section.

The Commission is a regional council of local governments in Northern Virginia. It is a public body created in 1969 pursuant to the Virginia Area Development Act and a regionally-executed Charter. In 1995, the Virginia Area Development Act was amended and renamed the "Regional Cooperation Act." It sets forth the purpose of planning district commissions as follows:

...to encourage and facilitate local government cooperation in addressing on a regional basis problems of greater than local significance. The cooperation resulting from this Act is intended to assist local governments in meeting their own problems by enhancing their abilities to recognize and analyze regional opportunities and take account of regional influences in planning and implementing their public policies and services.

The Commission's programs and policies are established by a 24-member board, composed entirely of elected officials from, and appointed by, the governing bodies of the Commission's thirteen member localities. The work of the Commission is supported, in part, by annual contributions from the member local governments, and by appropriations from the Virginia General Assembly.

The Commission serves as a neutral forum for decision-making; provides member governments and others with information and analyses necessary to make sound local and regionally beneficial decisions; provides professional and technical services to enable member governments to plan for their future individually and as a region; and carries out programs and functions at the request of member governments to supplement their own capacities or to achieve economies of scale through regional approaches. Services are divided into regional policy programs such as the legislative program; demographics and information programs; environmental and land use programs; and human services programs.

Overview of the Financial Statements

Besides this Management's Discussion and Analysis (MD&A), this report consists of Basic Financial Statements, Notes to the Financial Statements, and both required and other supplemental information.

The Basic Financial Statements include the following major parts:

- ***The Statement of Net Position (page 9)***, presents a snapshot of the Commission's assets, the amounts the Commission owes (liabilities), and the net difference, as of particular dates: June 30, 2021 and June 30, 2020. The net difference between assets and liabilities is divided into two parts: (1) a "restricted" amount, including funds drawn from unrestricted reserves in the purchase of fixed assets and not yet restored through repayment (represented as depreciation costs) from annual operating funds; and (2) an unrestricted amount that comprises the Commission's unallocated reserves.

**NORTHERN VIRGINIA REGIONAL COMMISSION
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2021**

- ***The Statement of Revenues, Expenses and Changes in Net Position (page 10)*** includes all of the current year's revenue and expenses and compare these data to the prior year's. These statements indicate the degree to which expenses are being covered by revenue earned during each given year.
- ***The Statement of Cash Flows (page 11)*** reports cash receipts, cash payments and net changes resulting from operations, capital and related financing activities. Provided for fiscal years 2021 and 2020, these statements show where the cash came from, how it was used, and how much the cash balance changed during each year.
- ***The Statement of Fiduciary Net Position – Fiduciary Fund - Pension Trust (page 12)*** shows funds that are being held for an employee pension trust. Northern Virginia Regional Commission is responsible for these funds, which may be used only for their intended purpose – employee pension benefits that are earned and distributed according to an IRS-approved plan. These assets cannot be used to finance operations.
- ***The Statement of Fiduciary Net Position – Fiduciary Fund – Custodial Funds (page 12)*** shows funds held for the “GO” Northern Virginia program. The “GO” Northern Virginia Council Program is to provide assistance to encourage regional cooperation among business, education, and government on strategic, economic, and workforce development efforts.
- ***The Statement of Changes in Fiduciary Net Position – Fiduciary Funds (page 13)*** provides additional detail on the changes in the balance of funds in the pension trust, including the source or reason for additions and deductions during the fiscal years reported (2021 and 2020).
- ***The Notes to Financial Statements (pages 14-22)*** provide disclosures required by generally accepted accounting principles, along with information to assist the reader in understanding the Commission's financial condition and changes in financial condition.
- ***The Schedule of Resources, Appropriations and Expenditures– Actual and Budget (page 23)*** summarizes the current year's revenue and expenses in comparison to the last-approved budget for the year. It provides detail on how actual experience varied from the projections incorporated into the budget.
- ***The Schedule of Resources, Appropriations and Expenditures by Program (pages 24-27)*** focuses on gross and net costs of the Commission's separate programs, and the extent to which such programs rely on general revenues. This statement shows the degree to which the various programs are self-supporting and/or subsidized by general revenues.
- ***The Schedule of Member Government Contributions (page 28)*** is included as documentation of the respective dues paid by member local governments for fiscal years 2021 and 2020.

**NORTHERN VIRGINIA REGIONAL COMMISSION
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2021**

Capital Assets

Capital assets consist of building, furniture and equipment used in the governmental activities of the Commission. Currently, the Commission leases office space and so capital assets are limited to leasehold improvements, office furniture and fixtures, computers and other equipment.

Financial Highlights

Net Position

- At June 30, 2021, the Commission's net position totaled \$991,243, an improvement of \$392,803 from the previous year.
- From June 30, 2019 to June 30, 2020, the Commission's net position had improved by \$478,436, from \$120,004 to \$598,440; and from June 30, 2020 to June 30, 2021, it improved further, by \$392,803, to \$991,243.

See Tables 1 and 2, below.

| Increase (decrease) in net position | \$ 392,803 | \$ 478,436 | \$ 545,907 |

Financial Position

Under new leadership with a specific plan, the Commission's financial position continues to improve. Elimination of the accumulated deficit was achieved in FY 2019. The Commission continues to place funds in its Rainy-Day Fund consistent with the Commission adopted reserve policy.

Economic Factors and Next Year's Budget

In November 2015, the Commission agreed to raise the members' per capita dues rate for FY 2017 by 7¢, to 60¢. The resulting dues increase, therefore, produced a dollar increase of \$184,130 over the FY 2016 dues – of which \$16,252 would have resulted from population increases alone. No increase in the dues rate has occurred since then.

The state contribution to NVRC in FY22 increased by \$14,000 to \$165,943 which is the first increase since FY2012. NVRC members, advocates, and staff will continue to work with state representatives to communicate the opportunities that regional councils provide for efficiencies and savings in state government programs and activities.

During FY 2014, the Commission began providing office space for a sister regional agency, the Northern Virginia Transportation Authority (NVTA). It is expected that NVTA will continue to contribute toward office rent and use of NVRC VOIP telephone service, and that this arrangement will produce savings for both organizations. During FY 2017 the Commission began providing office space for another sister regional agency, the Health Systems Agency of Northern Virginia (HSANV), which also contributes toward office rent.

**NORTHERN VIRGINIA REGIONAL COMMISSION
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2021**

The leadership of the Commission has been and continues to be committed to taking the steps necessary to proactively address and maintain the fiscal health of the organization. As such, working with the Executive Director and staff, the Commission developed a conservative, fiscal remediation plan that eliminated the structural deficit through a series of strategic spending cuts and realistic enhancement of revenues where possible.

By adhering to its plan, the Commission ended Fiscal Year 2019 with a surplus that erased the structural deficit; and over the past three years for the first time in many years has been able to place money aside into the Commission's reserve account consistent with a policy adopted by the Commission.

While the Commission is in a strong fiscal condition, the economic impacts of COVID19 on the region and its local government continue to create uncertainty. As such, the Commission and staff continue a conservative approach to revenues and expenditures.

Financial Contact

The Northern Virginia Regional Commission's financial statements are designed to present users with a general overview of the Commission's finances and to demonstrate management's accountability. If you have questions about the report or need additional financial information, contact Executive Director Robert W. Lazaro, Jr. at 3040 Williams Drive, Suite 200, Fairfax, VA 22031. Telephone: 703/642-0700. Email: rlazaro@novaregion.org.

The accompanying notes to financial statements are an integral part of this statement.

NORTHERN VIRGINIA REGIONAL COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Northern Virginia Regional Commission (Commission) conform to generally accepted accounting principles (GAAP) applicable to governmental units promulgated by the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant polices:

A. Financial Reporting Entity

The Commission, a special purpose government engaged in a business-type activity, is a regional council of local governments in Northern Virginia. The Commission is a public body created in 1969 pursuant to the Virginia Area Development Act and a regionally-executed charter. The Act has since been amended and recodified in Sections 15.2-4200 to 15.2-4222 of the Virginia code, which states the purpose of planning district commissions is to encourage and facilitate local government cooperation in addressing on a regional basis problems of greater than local significance. The Commission's programs and policies are established by a 24-member Board. The Commission is composed entirely of elected officials from, and appointed by, the governing bodies of the Commission's 13-member localities. The work of the Commission is supported, in part, by annual contributions from the member local governments, and by appropriations from the Virginia General Assembly. The following local jurisdictions are members of the Commission: Arlington, Fairfax, Loudoun, and Prince William Counties; the Cities of Alexandria, Fairfax, Falls Church, Manassas, and Manassas Park; and the Towns of Dumfries, Herndon, Leesburg, and Vienna. Commission funding is obtained from member jurisdictions' contributions, from funds provided by the Commonwealth of Virginia, and from federal, state and local grants and contracts for specified projects designed to further the Commission's goals and objectives.

B. Basis of Accounting

The Commission maintains one operating and two fiduciary funds. The Commission's financial statements (the statements of net position; revenues, expenses and changes in net position; and cash flows) report information of all of the nonfiduciary activities. The Commission's financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to local governmental units. The Commission utilizes the accrual basis of accounting and the economic measurement focus in preparing its financial statements wherein revenues are recognized when earned and expenses are recognized when incurred.

C. Budgets and Budgetary Accounting

A budget is prepared for information and fiscal planning purposes. None of the participating entities are required to approve the budget. The budget is adopted as a planning document and is not a legal control on expenses. The budget is prepared on the same basis of accounting as the basic financial statements are prepared.

D. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NORTHERN VIRGINIA REGIONAL COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

E. Fiduciary Fund Types - (Trust and Custodial Funds)

Fiduciary Funds (Trust and Custodial Funds) account for assets held in a trustee capacity or as custodian for individuals, private organizations, or other governmental units. The Commission reports the following Fiduciary Funds.

Pension Trust Fund: The commission maintains a pension trust fund to account for Commission employee' benefits. This fund is accounted for in essentially the same manner as a proprietary fund type.

“GO” Northern Virginia Council Custodial Fund: This fund provides assistance to encourage regional cooperation among business, education, and government on strategic, economic, and workforce development efforts is accounted for in essentially the same manner as a proprietary fund type.

F. Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. For purposes of the statement of cash flows, the Commission's proprietary funds consider their demand deposits and all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

G. Accounts Receivable

Accounts receivable represents funds owed the Commission for grants, member contributions and other fees related to the Commission's efforts to encourage and facilitate local government cooperation in addressing regional problems of greater than local significance. Accounts receivable are stated at unpaid balances. Receivables are reduced by the estimated portion that is expected to be uncollectible. This estimate is made based on collection history and current information regarding the credit worthiness of the debtors. When continued collection activity results in receipts of amounts previously written off, revenue is recognized for the amount collected. The Commission did not have an allowance for doubtful accounts as of June 30, 2021 and 2020.

H. Project Expenses

The costs of goods and services which are identifiable for specific projects are directly charged to those projects at the time costs are incurred. Indirect costs are allocated to projects as described in Note 11. Personnel costs for Commission employees are direct charges to the appropriate projects. Expenses of annual, sick, and other types of paid leave and fringe benefits are allocated to projects as described in Note 11.

I. Prepaid Items

Certain payments to vendors represent costs applicable to future accounting periods and are recorded as prepaid items in the financial statements. The cost of prepaid items is recorded as expenses when consumed rather than when purchased.

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

J. Net Position Flow Assumption

Net Position is the difference between a) assets and deferred outflows of resources and b) liabilities and deferred inflows of resources. Net investment in capital assets represents capital assets, less accumulated depreciation, less any outstanding debt related to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

K. Net Position Flow Assumption

Sometimes the Commission funds outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Commission's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

L. Property and Equipment

Capital assets consisting of furniture and equipment are recorded at cost. Property and equipment with an initial, individual cost of more than \$2,500 and an estimated useful life in excess of one year is recorded as capital assets unless instructed otherwise by the funding grant document. Depreciation is computed on the straight-line basis over the estimated useful lives of the assets ranging from three to seven years.

M. Unearned Revenue

The Commission reports unearned revenue on its statement of net position. Unearned revenues also arise when resources are received by the Commission before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Commission has a legal claim to the resources, the liability for unearned revenue is removed from the statement of net position and revenue is recognized.

N. Revenue Recognition

Intergovernmental revenues, consisting primarily of federal, state, local and other grants for the purpose of funding specific expenditures, are recognized when earned. Contributions of the member governments are based on population and are assessed annually. There is also provision for special assessments where problems warrant. The Commission recognizes a liability for funds received in excess of project expenditures. Operating revenues and expenses are defined as those items that result from providing services and include all transactions and events which are not capital and related financing, noncapital financing or investing activities. Nonoperating revenues are defined as investment and other revenues. Nonoperating expenses are defined as noncapital related financing and other expenses.

NORTHERN VIRGINIA REGIONAL COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

O. Adoption of Accounting Principles

The Commission implemented provisions of Governmental Accounting Standards Board Statement No. 84, Fiduciary Activities during the fiscal year ended June 30, 2021. This statement establishes criteria for identifying fiduciary activities of all state and local governments for accounting and financial reporting purposes and how those activities should be reported. No restatement was required as a result of this implementation.

NOTE 2—DEPOSITS AND INVESTMENTS:

Deposits

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the “Act”) Section 2.2-4400 et. seq. of the Code of Virginia. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized. No deposits exceed FDIC insurance limits.

Investments

Statutes authorize the Commission to invest in obligations of the U.S. Treasury, agencies, and instrumentalities, repurchase agreements, certificates of deposit or time deposits insured by the FDIC, and the local government investment pool. Therefore there is no foreign currency risk.

The Commission investments consist of investments in the Local Government Investment Pool of \$1,037,750 and \$538,024 as of June 30, 2021 and 2020, respectively and in the VML/VACO Virginia Investment Pool of \$197,074 and \$196,756 as of June 30, 2021 and 2020, respectively. There is no custodial credit risk for either of these investments as the amounts are fully collateralized. The LGIP and the VML/VACO funds were rated AAAM by Standard & Poor’s. All investment maturities are less than one year.

External Investment Pools

The value of the positions in the external investment pool (Local Government Investment Pool) is the same as the value of the pool shares. As LGIP is not SEC registered, regulatory oversight of the pool rests with the Virginia State Treasury. LGIP is an amortized cost basis portfolio. There are no withdrawal limitations or restrictions imposed on participants.

Withdrawal Restrictions

The Commission is limited to two withdrawals per month for the VML/VACO Virginia Investment Pool funds.

Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Commission has measured fair value of the VML/VACO Virginia Investment Pool funds at the net asset value (NAV).

NORTHERN VIRGINIA REGIONAL COMMISSION

**NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)**

NOTE 3– DUE FROM OTHER GOVERNMENTS:

Amounts due from other governments at June 30, 2021 are as follows:

| | |
|---|-------------------|
| Federal Government: | |
| U.S. Department of Health and Human Services: | |
| HIV Emergency Relief Project Grants - CARE Act PART B | \$ 367,065 |
| U.S. Department of Interior: | |
| National Trails System Projects | 3,406 |
| U.S. Department of Housing and Urban Development: | |
| Housing Opportunities for Persons with AIDS - HOPWA | 194,531 |
| U.S. Department of Commerce: | |
| Coastal Zone Management Administration Awards | 17,306 |
| U.S. Department of Homeland Security: | |
| Disaster Grants - Public Assistance | 5,676 |
| U.S. Department of Transportation: | |
| Bicycle/Pedestrian Safety Guide | 23,564 |
| U.S. Environmental Protection Agency: | |
| Chesapeake Bay Program | <u>1,395</u> |
| Total Federal Government | <u>\$ 612,943</u> |
| State and Local | <u>\$ 18,270</u> |

NOTE 4–CAPITAL ASSETS:

Capital asset activity for the year ended June 30, 2021 was as follows:

| | Balance July 1, 2020 | Additions | Deletions | Balance June 30, 2021 |
|---|-------------------------|--------------------|-------------|--------------------------|
| Capital assets, being depreciated: | | | | |
| Furniture, Equipment and Improvements | \$ 220,165 | \$ 9,375 | \$ - | \$ 229,540 |
| Total capital assets being depreciated | <u>\$ 220,165</u> | <u>\$ 9,375</u> | <u>\$ -</u> | <u>\$ 229,540</u> |
| Accumulated depreciation: | | | | |
| Furniture, Equipment and Improvements | \$ 199,080 | \$ 20,807 | \$ - | \$ 219,887 |
| Total accumulated depreciation | <u>\$ 199,080</u> | <u>\$ 20,807</u> | <u>\$ -</u> | <u>\$ 219,887</u> |
| Total capital assets being depreciated, net | <u>\$ 21,085</u> | <u>\$ (11,432)</u> | <u>\$ -</u> | <u>\$ 9,653</u> |

Depreciation expense for the years ended June 30, 2021 and 2020 was \$20,807 and \$25,083 respectively.

NORTHERN VIRGINIA REGIONAL COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 5—COMPENSATED ABSENCES:

The Commission policy allows employees to accumulate unused vacation leave up to certain maximum hours. Commission employees earn from 13-26 vacation days per year, depending on the length of their employment. Upon termination or retirement, employees are entitled to receive compensation at their current base salary for all unused vacation leave. All employees receive 12 sick days a year. Sick leave is cancelled upon termination of employment, with no compensation to the employee. The following is a summary of changes in accrued annual leave for the year ended June 30, 2021:

| | <u>Balance</u> <u>July 1, 2020</u> | <u>Additions</u> | <u>Deletions</u> | <u>Balance</u> <u>June 30, 2021</u> |
|----------------------|---------------------------------------|------------------|------------------|--|
| Compensated absences | \$ 137,145 | \$ 27,072 | \$ - | \$ 164,217 |

NOTE 6—LEASE COMMITMENTS:

The Commission is obligated under noncancelable operating leases for office facilities and equipment.

In October 2014, the Commission amended its lease for office space, extending the lease term to expire on July 31, 2025. The Commission is required to pay as "additional rent" a proportionate share of the increase in building operating costs over the base year 2005. Operating costs are defined to include real estate taxes and other expenses incurred by the landlord in ownership and operation of the building. The lease also provides for annual base rent escalations of 2.5% per year. Rent expense for the years ended June 30, 2021 and 2020 was \$572,587 and \$558,622, respectively.

Future minimum lease payments required as of June 30, 2021, under the amended operating lease for office space are as follows:

For the years ending June 30,

| | |
|-------|---------------------|
| 2022 | \$ 586,902 |
| 2023 | 601,574 |
| 2024 | 616,614 |
| 2025 | 632,029 |
| 2026 | 158,977 |
| Total | \$ <u>2,596,096</u> |

The first six and a half months of the amended lease term was abated. The difference between the amount charged to rent expense and the rent paid is recorded as unearned revenue and amortized over the lease term.

As part of the office lease agreement, the landlord purchased office furniture and equipment for the Commission. The value of the office furniture and equipment is recorded as unearned revenue and amortized on a straight-line basis over the life of the lease.

NORTHERN VIRGINIA REGIONAL COMMISSION

NOTES TO FINANCIAL STATEMENTS AS OF JUNE 30, 2021 (Continued)

NOTE 6—LEASE COMMITMENTS: (CONTINUED)

In 2016, the Commission entered into an operating lease to sub-lease office space. The lease was amended on September 4, 2019 and provides for annual base rent escalations of 2.5% per year. Rental income for the years ended June 30, 2021 and 2020 was \$186,179 and \$178,847, respectively.

Future minimum lease income due as of June 30, 2021, under the sub-lease for office space is as follows:

For the years ending June 30,

| | | |
|-------|---------|----------------|
| | 2022 \$ | 176,003 |
| | 2023 | 180,417 |
| | 2024 | 184,944 |
| | 2025 | 189,538 |
| | 2026 | 31,782 |
| Total | \$ | <u>762,684</u> |

NOTE 7—DEFERRED COMPENSATION PLAN:

The Commission has established a voluntary deferred compensation plan, pursuant to Section 457 of the Internal Revenue Code. Under this plan, any employee may elect to have a portion of their current salary retained by the Commission and invested by the plan trustees. The employee may begin to collect at termination, retirement, or disability. The assets of the plan are reflected on the Statement of Fiduciary Net Position.

The Commission Board annually votes on whether to contribute to the deferred compensation fund for the Executive Director. No contributions were made for fiscal years 2021 and 2020.

NOTE 8—PENSION PLAN:

Effective July 1, 2003, the Commission established a defined contribution retirement plan, which is named the Northern Virginia Regional Commission Employees' Retirement Plan and Trust and the Northern Virginia Regional Commission 457 Matching Plan. Employees are eligible to make elective deferrals to the plan upon hire. Employees are eligible to receive matching contributions and non-elective contributions upon completing one year of service. Employees may elect to defer a portion of their salary, subject to Internal Revenue Service limits. The Commission contributes by matching 25% of the first 6% of eligible employee contributions. The Commission also makes an additional contribution to the plan which is called a non-elective contribution. For the years ended June 30, 2021 and 2020, the employer contributions to the plan by the Commission were \$177,836 and \$171,894, respectively.

If an employee leaves the pension plan before their portion of the Commission's contribution to the plan is fully vested, the unvested funds are forfeited by the employee. These funds are recorded as prepaid expenses and are available for the Commission to use to meet the Commission's portion of future contributions to the plan. These funds are invested in mutual funds and recorded at fair market value based on quoted prices in active markets for identical assets (level 1 inputs). As of June 30, 2021 the market value of these funds was \$2,473.

NORTHERN VIRGINIA REGIONAL COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 9—COMMITMENTS/CONTINGENT LIABILITIES:

Federal programs in which the Commission participates were audited in accordance with the provisions of the Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Pursuant to the provisions of this guidance, all major programs and certain other programs were tested for compliance with applicable grant requirements.

Additionally, the federal government may subject grant programs to additional compliance tests, which could result in disallowed expenditures. In the opinion of management, any future disallowances of grant program expenditures would be immaterial.

NOTE 10—LITIGATION:

As represented by management, there were no lawsuits pending which would materially affect the Commission's financial position as of the date of these financial statements.

NOTE 11—COST ALLOCATION BASIS - INDIRECT COSTS AND FRINGE BENEFITS:

Indirect costs, which support all projects, are allocated based on the ratio of the individual project's direct salaries, leave, and fringe benefits to total direct salaries, leave, and fringe benefits (excluding temporary help). The indirect cost rate for the fiscal year ended June 30, 2021, was 47.51% calculated as follows:

$$\begin{array}{r} \text{Indirect costs} \\ \text{Total direct salaries and fringe benefits} \\ \text{(excluding temporary help)} \end{array} \quad \begin{array}{r} \$ \quad 851,284 \\ \hline 1,791,730 \end{array} = 47.51\%$$

The following are included in indirect costs allocated to projects:

| | | |
|-----------------------------|----|-----------------------|
| Personnel costs: | | |
| Salary | \$ | 246,004 |
| Fringe benefits | | <u>110,701</u> |
| Total personnel costs | \$ | 356,705 |
| Housekeeping expenses | | 387,729 |
| Contract services | | 48,360 |
| Operating expenses | | 51,088 |
| Travel and conference | | 1,413 |
| Duplicating | | 5,964 |
| Recruitment and development | | <u>25</u> |
| Total indirect costs | \$ | <u><u>851,284</u></u> |

NORTHERN VIRGINIA REGIONAL COMMISSION

NOTES TO FINANCIAL STATEMENTS
AS OF JUNE 30, 2021 (Continued)

NOTE 11–COST ALLOCATION BASIS - INDIRECT COSTS AND FRINGE BENEFITS: (CONTINUED)

Fringe benefit expense is allocated using the percentage of benefits to total salaries including all personnel costs included in other categories. The fringe benefit rate for the fiscal year ended June 30, 2021 was 51.91%, and is calculated as follows:

| | | | | |
|------------------------|----|------------------|---|--------|
| Fringe benefit expense | \$ | 734,139 | = | 51.91% |
| Total salaries | | <u>1,414,296</u> | | |

Components of fringe benefits expense for the year ended June 30, 2021 are shown below:

| | | |
|-----------------------------|----|-----------------------|
| Employee leave | \$ | 255,854 |
| Group hospitalization | | 152,465 |
| Retirement costs | | 177,836 |
| Social security taxes | | 121,595 |
| Group life insurance | | 13,414 |
| Group disability insurance | | 5,409 |
| Unemployment taxes | | 4,354 |
| Workmen's compensation | | 1,314 |
| Ceridian flex admin fees | | 748 |
| Employee assistance program | | 1,150 |
| Total fringe benefits | \$ | <u><u>734,139</u></u> |

NOTE 12–LINE OF CREDIT:

On June 11, 2018 the Commission entered into an agreement for a line of credit not to exceed \$250,000, payable at the Lender's Prime Rate per year and extended on June 30, 2020. During the year ended June 30, 2021, the Commission did not draw down on the line of credit and there was no outstanding balance at June 30, 2021.

NOTE 13– UPCOMING PRONOUNCEMENTS:

Statement No. 87, Leases, requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The requirements of this Statement are effective for reporting periods beginning after June 15, 2021. Management is currently evaluating the impact this standard will have on the financial statements when adopted.

**Independent Auditors' Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

**To the Board of Commissioners
Northern Virginia Regional Commission
Fairfax, Virginia**

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the business-type activities, and the aggregate remaining fund information of Northern Virginia Regional Commission as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Northern Virginia Regional Commission's basic financial statements and have issued our report thereon dated November 12, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Northern Virginia Regional Commission's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Northern Virginia Regional Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of Northern Virginia Regional Commission's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Northern Virginia Regional Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditors' Report on Compliance for Each Major Program and on
Internal Control Over Compliance Required by the Uniform Guidance**

**To the Board of Commissioners
Northern Virginia Regional Commission
Fairfax, Virginia**

Report on Compliance for Each Major Federal Program

We have audited Northern Virginia Regional Commission's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on Northern Virginia Regional Commission's major federal programs for the year ended June 30, 2021. Northern Virginia Regional Commission's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for Northern Virginia Regional Commission's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Northern Virginia Regional Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Northern Virginia Regional Commission's compliance.

Opinion on Each Major Federal Program

In our opinion, Northern Virginia Regional Commission complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of Northern Virginia Regional Commission is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Northern Virginia Regional Commission's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Northern Virginia Regional Commission's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NORTHERN VIRGINIA REGIONAL COMMISSION

Notes to the Schedule of Expenditures of Federal Awards
Year Ended June 30, 2021

Note 1 - Basis of Presentation:

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Northern Virginia Regional Commission under programs of the federal government for the year ended June 30, 2021. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Northern Virginia Regional Commission, it is not intended to and does not present the financial position, changes in net position, or cash flows of Northern Virginia Regional Commission.

Note 2 - Summary of Significant Accounting Policies:

- (1) Expenditures on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.
- (2) Pass-through entity identifying numbers are presented where available.
- (3) The Commission did not elect to use the 10-percent de minimis indirect cost rate allowed under Uniform Guidance.

Note 3 - Relationship to Financial Statements:

Federal expenditures, revenues and capital contributions are reported in the Commission's basic financial statements as follows:

| | |
|---|----------------------------|
| Intergovernmental federal revenues per the basic financial statements | <u>\$ 4,723,879</u> |
| Total federal expenditures per the Schedule of Expenditures of Federal Awards | <u><u>\$ 4,723,879</u></u> |

NORTHERN VIRGINIA REGIONAL COMMISSION

Schedule of Findings and Questioned Costs
Year Ended June 30, 2021
