Senior Operations Chiefs Committee

INFORMATIONAL BULLETIN

NUMBER: 2012-006
DATE: April 10, 2012
SUBJECT: Arlington County Fire Department Using a Working Fire Dispatch
APPROVED: Andrew J. Vita, NOVA Senior Operations Chief's Committee Chair

EFFECTIVE DATE: April 1, 2012

The Arlington County Fire Department has begun using a working fire dispatch (WFD). This call type will be used in situations that do not require a full complement of a standard assignment but the need is present to have additional personnel in positions that support the incident objectives. The units assigned to the WFD will be:

One Engine
One Rescue

A truck company may be substituted for the rescue if the unit is closer in the response order.

Any questions or concerns may be directed to Assistant Chief Joe Reshetar at (jreshe@arlingtonva.us).
